# The GuardRail Collection by Alumi-Guard®

Alumi-Guard's main concern has always been and will always be safety, and the Guardrail Collection reflects this fact. While safety is our main focus, we have mixed in stunning beauty as well. All Alumi-Guard's aluminum railing and guardrail designs promote low-maintenance and durable qualities that create timeless solutions while delivering aesthetically-pleasing finished aluminum products.

Many settings rely on guardrails and handrails to provide safety and code compliance for apartments, hotels, athletic facilities, businesses and more utilize Alumi-Guard's guardrails and handrails to add that finishing touch to any new build or remodel or the perfect addition to any porch, deck or balcony. The thick and strong railing meets commercial and residential building codes, won't rust or wear like old-style steel or iron railings.

Our collection consists of either Guardrail Boxed Railing Kits, ADA Handrail, or Pre-built Guardrail that is easy to install and low-maintenance. This collection is easy to install and requires no sanding, staining or painting with architectural details in the railings.

With Alumi-Guard, you'll protect what you love.
